

A young child with brown hair and a cochlear implant on their left ear is running across a green field. The child is wearing a bright green high-visibility vest over a dark blue long-sleeved shirt with blue stripes on the sleeves, and dark blue pants with a white stripe down the side. They are running towards the right side of the frame. In the background, there is a yellow pole and a white netting structure, possibly part of a sports field or playground. The ground is a mix of green grass and a dark, textured surface.
